Cynthia,

WELCOME BACK!!

I believe I only interfered with one project, that was Ridge Road Extension in Pasco County, FL. The project was a historical 404(q) project where EPA requested the applicant avoid wetlands, minimize the road's impacts on wetland, and provide adequate compensatory mitigation.

We went over several potential scenarios with Mr. McGill and ended up doing a withdrawal of our 3(b) letter. I am not sure the RA has signed the letter yet, as there was no deadline that was required for this type of letter.

Anyway, Tom McGill has designated me for any further coordination, so its my project now.
